

EFFORT IS MADE TO DISCREDIT HARRY ORCHARD

ATTORNEY FOR THE DEFENSE
ATTEMPTS TO SHOW THAT
HE WOULD KILL

WITHOUT ANY MOTIVE

And to Also Convince the Jury His
Crimes Were Her Acts, and
Uncalled For.

Boise, Idaho, June 13.—Attorney Richardson, for Haywood, opened up a line of questions in the cross-examination of Harry Orchard which is to lay the foundation to prove Orchard had his own veneful, sinister motive for killing former Governor Steunenberg and that Haywood did not suggest nor order the assassination of the man who caused the establishment of the military bullpen in the Couer d'Alene. Orchard appeared ill at ease and less ready with his answers during this part of the cross-examination.

The defense directed efforts to an attempt to cloud the earlier purposes and movements of Orchard with uncertainty and indefiniteness. Then they emphasized the abandonment of all effort to kill after Orchard first tracked Steunenberg to a hotel in Boise and with a skeleton key had gained entrance to the very room in which the governor was living. Here they delayed for a moment to prove that Orchard twice wrote and once telephoned to Bill Easterly at Silver City to urge him to come and join in the crime, and the direct implication was that Orchard was endeavoring to inveigle another federation man into the crime, which would bring discredit and dishonor to the organization.

Then the Steunenberg crime was temporarily thrust into the background and the witness was carried over his long journey into north Idaho, and his crimes there, including the plot to kidnap and hold for ransom the Paulson children, were forcefully emphasized. Orchard swore that David Coates, former lieutenant governor of Colorado, and then a publisher in Wallace, Idaho, first suggested the kidnapping to Pettibone and himself at Denver. Paulson, once a poor miner, had made a fortune in the Hercules mine, in which Orchard held an interest when the property was valueless, and it was believed that if his children were stolen he would "come through" with \$50,000 or \$60,000 in ransom. Orchard said that when he went to north Idaho he got Jack Simpkins to come in on the plot, and together they went to Coates to renew the scheme.

Identifies Coates.
Coates, who was in court, was asked to stand up for identification, and, facing him, Orchard said he was the man. Then defense showed the witness in the commission of a series of mean crimes and reduced to poverty, in which he had to resort to a pawnshop, borrowing and theft to live for a long period. The defense wanted to know why, if he were in Idaho on a mission of murder for Haywood, Moyer and Pettibone, and with unlimited credit from them, he did not send to them for money instead of borrowing and stealing. Orchard replied that he did send a letter to Moyer at Butte and got \$100, but he did not send for more because he was temporarily off the Steunenberg murder errand and away from where Steunenberg lived, and he did not want to send for more money until he could show that he was back to work.

Lastly there came a showing that Orchard had borrowed \$300 from Paulson, whose children he had gone north to steal, on the strength of a fraudulent story that he was going to Los Angeles to sell mining stock for Coates, and that this was the money that actually paid his expenses when he went back to Caldwell on the final mission of murder. Swiftly reviewing his meetings with his old partners, who had meantime become rich, the defense asked the witness if, disappointed and angered at his own hard luck in selling out the Hercules mine, when Steunenberg sent troops into north Idaho, he had not suddenly decided to borrow money from Paulson to take him to Caldwell, where he would murder the man whom he blamed for his misfortune. Orchard denied that this was his motive. The review of the Steunenberg plot brought from Orchard the additional declaration that when Haywood was proposing the crime he said that Ed Boyne, former president of the Western Federation of Miners, and now one of the owners of the Hercules mine, had always desired the removal of Steunenberg for his part in the north Idaho labor troubles.

David Coates, in an interview, declared Orchard's kidnapping story absolutely false.

Opium smuggling as one of Harry Orchard's accomplishments appeared in the trial of Haywood this morning. When the court opened Richardson plunged at once into an effort to show the jury that Orchard had sufficient motive for a man of his character and temperament to have murdered Gov-

ernor Steunenberg, without suggestions or orders from any person. He questioned the witness about his movements previous to the tragedy, evidently trying to impress the jury that Orchard, with excellent claims in the Couer d'Alene district, had gone "broke," and had been forced from the country by Steunenberg, while his former partners made great fortunes. The testimony regarding the opium conspiracy came while Richardson was tracing Orchard's movements prior to the Steunenberg killing.

IOWA LABOR MEN SAY ROOSEVELT ABUSED OFFICE

Keokuk, Ia., June 13.—The Iowa Federation of Labor adopted resolutions censuring President Roosevelt for his statement with reference to Moyer and Haywood as undesirable citizens. The resolutions declare that the president's action was unfair and prejudicial and that he abused his high office.

YOUNG GIRL'S FEARFUL DEED

Lima, June 13.—Marie Gotkin aged 20, of St. Mary's, was found dead here last night of carbolic acid poisoning, at the home of a friend she was visiting. The girl was discovered lying across the bed, her lips horribly burned. She left a note saying "This is the best way out of it."

THIRTY JUMPED TO SAVE LIVES

Detroit, June 13.—Mrs. Annie Roundtree and Robert A. Bernathy are dying and four others are injured by a fire which destroyed a rooming house last night. Thirty-three roomers jumped into life nets from the third and fourth story windows.

STRIKE IS EXPECTED

Chicago, June 13.—A teamsters' strike at the stock yards is regarded as almost inevitable by both the packers and labor leaders. Utter refusal of both sides to yield makes the case hopeless.

APPLEYARD FAILS

Philadelphia, June 13.—The failure of A. E. Appleyard, the banker and broker was announced today. It was due to Appleyard's failure to protect his margins on 13,000 shares of United Gas Improvement stock which he had "shorted" yesterday. Appleyard was connected with traction companies in Ohio for many years before entering the banking business. He owned the companies at one time operating in Newark, Ohio.

JEWS ARE SUFFERING

Odesa, June 13.—The Jews here are in terrible straits. Hundreds of thugs attack men and women in the streets hourly, and the hospitals are full. Jewish leaders accuse the governor.

PROMPT ACTIONS ARE CALLED FOR BY THE JAPANESE

IN THE PAPERS OF TOKIO

Showing the Destruction of Restaurants in San Francisco—Want to Oust Ministry.

Tokio, June 11.—"Yellow" journals, which have consistently exaggerated all reports of the ill treatment of the Japanese in the United States, and are doing their utmost to arouse public opinion against the American republic, today print large photographs of the wrecked Japanese restaurants in San Francisco, coupled with a lurid description of the sufferings of the Japanese in California. The result has been the inflaming of the readers. Editorial comments, calculated to stir up the people, are printed by several papers. Nichi Nichi Shimbun, commenting on the photographs, says, "The situation is undoubtedly grave. We call for prompt measures."

The Hoch Shimbun says, "The stage for negotiations has passed and the time for action has arrived." Despite the attempts of the yellow press, little serious attention is given to the disturbances in San Francisco. War talk here comes from the progressives and is recognized as a part of that party's campaign to oust the present ministry. If the progressives succeed, the last thing they will undertake will be war.

AOKI'S STATEMENT.
Washington, Jan. 12.—Japanese Ambassador Aoki and Secretary Root had a conference this afternoon. The ambassador declined to make a statement.

DENOUNCED GRAY OF CONFEDERATES AT G. A. R. MEETING

Canton, June 13.—Bitter denunciation of the Confederate gray by National G. A. R. Commander R. B. Brown of Zanesville, characterized the Ohio veterans' camp fire called forth by the mention of a monument to the unknown dead of the Civil war proposed in the south. "If there is to be a complete reunion of the blue and the gray," said Brown, "may it come that the rays of the sun will never shine on it. The only color we recognize is the blue, and the only flag the red, white and blue."

It was planned to have the monument faced with gray with a shaft of blue and a cap of gray.

One ballot for commander was taken this afternoon as follows: Rogers of Cleveland 190, Sharer of Alliance 160, Stewart of Fostoria 125.

Mrs. Mattie Lear of Cincinnati was elected president of the Women's Relief Corps.

RIOTS AMONG JEWS.
Cleveland, June 13.—Riots among the orthodox Jews against the Kosher meat shops were resumed this morning. The mob attacked the shop of the head of the "Kosher trust" and the police reserves were called out. Three women were arrested.

TO EXTERMINATE THE BLACK HAND

Measures Were Taken by the Progressive Union of New Orleans Influential Body.

New Orleans, June 13.—Official cognizance that a dangerous Black Hand organization exists in New Orleans was taken by the Progressive union, the most influential commercial body in the city, comprising a membership of nearly 2,000 business men. President Godechaux of the union issued a call to members to attend a mass meeting, which had been called by wealthy New Orleans Italians in protest against the Black Hand. This call was precipitated by the supposed kidnapping of eight-year-old Walter Lamana last Saturday night, and the subsequent demand for \$6,000 ransom from his father, a well-to-do Italian undertaker. Mr. Lamana went to Kenner, La., ostensibly to pay the ransom money and obtain his boy. He returned alone.

CARRIE NATION WAS ARRESTED

Washington, June 13.—Carrie Nation, after haranguing a crowd in front of a downtown saloon, was arrested on the charge of disorderly conduct. She was released on \$20 collateral.

Norfolk, Va., June 13.—A dispatch was received here from a naval officer at Hampton Roads stating that Secretary Metcalf is safe on board the Dolphin.

Cortelyou's Call.
Washington, June 13.—Secretary of the Treasury Cortelyou has issued a call for the return to the treasury by July 10 next of \$20,000,000 of government funds now on deposit in certain depository banks throughout the country.

Paris, June 13.—The government appears to be determined to refuse to accept the resignations of the municipal officers so long as their resignations are not accepted by the prefects, and as no representatives of the central government can be appointed to carry on the duties of the officials who have resigned, a deadlock has thus been created, and so long as it continues all municipal acts and works are suspended.

Paris, June 13.—The leaders of the wine growers' movement do not appear in the least daunted by Premier Clemenceau's warning of the grave responsibilities incurred by mayors who abandon their posts. The central committee met at Argolles and adopted resolutions which show that the growers have no present intention of abandoning the fight. Circulars giving instructions to refuse any person sent to replace the mayor to enter the mayor's office, to close all municipal offices and to discharge all officials, and that all government correspondence be returned unopened, were also sent out. One of 1,000 odd communes in the four departments, more than 120 already are in a state of municipal anarchy.

Severe Storm.
Evansville, Ind., June 13.—Another severe wind and electrical storm passed over southern Indiana, doing much damage. The rainfall in and around this city was terrific, and the streets and cellars were flooded. Many shade trees were blown down. The Ohio river continues to rise here and Green river spreading out over the lowlands. Farmers say their condition is worse than it has been at this season of the year in many years.

Special prizes this week by Clouse & Schawwerdt (a hat) and Newark Hardware company (a hammock). The Advocate's three cash prizes \$20, \$10 and \$5 for new subscriptions will be awarded June 28.

WILL NOT TEST INSURANCE LAW OF NEW YORK

New York, June 13.—The executive committee of the association of life insurance presidents met here, and it was later announced that the association would make no attempt to test by court proceedings the constitutionality or validity of the new laws affecting life insurance companies in Texas. Though counsel had advised that the laws were unconstitutional, it was said to be the unanimous opinion of the committee that since these laws, until repealed, represented the judgment of the people of Texas, they should not further be opposed by the companies affected.

RESIGNATIONS OF THE MAYORS TO BE REFUSED

Paris, June 13.—The government appears to be determined to refuse to accept the resignations of the municipal officers so long as their resignations are not accepted by the prefects, and as no representatives of the central government can be appointed to carry on the duties of the officials who have resigned, a deadlock has thus been created, and so long as it continues all municipal acts and works are suspended.

SOUTHERN AFFRAY ENDS FATALLY

Columbus, Miss., June 13.—Carrollton, the county seat of Pickens county, is in a state of excitement over the killing of F. B. Theoru, a lumber merchant, by John Parker, aged 30. Parker learned that Theoru and his (Parker's) wife were in each other's company at a point about two miles from Carrollton. Parker mounted his horse and met the couple in the road. Parker began shooting, and Theoru was almost instantly killed. Parker then took his wife to her brother's home in Carrollton.

BANDS STRIKE

And Refuse to March in Grand Army Parade at Canton.

Canton, O., June 13.—Because a nonunion band had been engaged to take part in the union bands engaged here at the state Grand Army encampment which will close the summer festival, the union bands refused to march with the nonunion band. The parade was postponed by the one band. A committee attended by 2,000 persons was addressed by Governor Harris and others. T. G. Woodland, a veteran who came here to attend the encampment, died suddenly from heart disease. His home was at Olex, Ore.

Patient Ends His Life.

Cleveland, O., June 13.—Dr. Howard L. Tripp, 55, a dentist, shot himself in the head, causing death instantly, in his bed at the city infirmary. He was suffering from paralysis.

OCEAN WAIF

Picked Up By a Big Atlantic Liner.
At Sea in a Dory.

New York, June 13.—One of those ocean waifs who at frequent intervals are lost in their dories, while fishing on the Grand Banks off Newfoundland, was brought into this port by the Cunarder Carmania, still suffering from 14 days of starvation, exposure and hardship, while adrift on the Atlantic. He was Louis Vollet, one of the crew of the three-masted French fishing schooner Mimosa, from St. Malo, France. His dory mate was drowned when both men were washed overboard by a heavy sea, which almost overturned the little craft.

HEAVY DAMAGES AWARDED AGAINST N. Y. CENTRAL

New York, June 13.—One of the largest verdicts for damages ever given in the supreme court in this judicial district was awarded by a jury when Sarah L. E. Read was awarded \$101,789 for the loss of her husband, who was killed by a New York Central train at the Van Cortlandt park crossing three years ago. Mr. Read, who was a paper bag manufacturer, was riding in an automobile with George Noakes, Mrs. Noakes and Noakes' son and daughter. The automobile was struck by a train. Read was killed and Miss Noakes and the chauffeur each lost a leg. The chauffeur recovered a verdict of \$10,000 and Miss Noakes of \$35,000. The testimony in all the suits showed that the approaching train was hidden from view by a stationary one, and that the warning bell at the crossing was out of order.

MILITIA MEMBERS MUST INDULGE IN TARGET PRACTICE

Columbus, O., June 13.—Unless prevented by sickness every member of the Ohio National Guard must have at least one week of target practice this summer, or be dismissed from the service. This is required in the general orders for the encampments of the different organizations, issued over the signature of Governor Harris as commander-in-chief. The organizations will go into camp separately. Except those going to the Jamestown exposition, all will go to the state rifle range at Point Clinton. Target practice and guard duty will comprise the work.

SWISS EXPLORER WAS MURDERED

Berne, Switzerland, June 13.—The government has received information of the murder in the hinterland of Liberia of Walter Volz, the well-known Swiss explorer. Volz was captured by natives, fettered and imprisoned in a hut, in which he was burned alive. A portion of his charred body was recovered by a searching party.

STEAMER THAT WILL CARRY ADVOCATE'S PARTY

One of the many delightful features of the trip to be given by the Advocate to the successful contestants this summer will be the ocean water ride from Washington to the Jamestown Exposition ground—an all-day ride on a magnificent steamer, the appointments of which are perfect. The illustration is from a photograph of one of the Norfolk and Washington's boats and shows the big vessel which will carry the Advocate's jolly party this summer.

The contest ends in just 14 days. After June 27 at 10 p. m. it will be too late to vote. The contest is very close and your vote may decide the winner in one of the districts. The contestants are busy and will not have time to see all of their friends. They will appreciate it if their friends will send remittances direct to them or to this office with instructions how to vote.

C. R. PARISH & COMPANY

DAVID G. WYETH WAS 70 YEARS OLD

Sixty-nine years ago there came to this city from Massachusetts, Mr. David Wyeth and his estimable wife, Sally, with their little family. In this family was one little, sickly, squealing kid, little Davie.

The eastern people all said little Davie would never reach the Buckeye state. The captain of the steamer on which these people were traveling (an Ohio canal boat propelled by a three-horse mule team), also thought little Davie would not make it, but he surprised them all and as the weeks rolled by the people along the banks of the canal about Dresden, Nashport, Hanover, Black Hand and Rocky Fork heard the wails of this little Davie. Soon he landed at the port on Second street, (then known as gingerbread row.)

The family settled in this country and little Davie grew to manhood and fell in love with Miss Jennie Wright, and a family of four more Wyeths was the result.

David reached his seventieth milestone Wednesday, June 12th, and this was the reason that 25 of the friends of himself and estimable wife called on him unexpectedly last night with well filled baskets. He was out feeding his Wyandott chickens and was not dressed for company.

After a magnificent supper the evening was spent socially and music was furnished by Miss Lucy Wyeth and Miss Grace Keenen. All left at a late hour wishing Mr. Wyeth 70 more happy birthdays.

Those present were C. E. Wyeth and family, F. H. Keenen and family, Dr. Wyeth and family, Wright D. Wyeth and wife, Charles Keenen and family and A. G. Wyeth.

IN POLICE COURT.

"Con" Hennessy, a typical Irishman, faced Mayor McCleery this morning for being drunk. His witty answers to His Honor's questions furnished much amusement to the court and spectators. He was fined \$5 and costs and paid the amount.

Officers Driscoll, Holbrook and Dawson were sent to the Ferry barn on the Straitsville division of the B. & O. where a number of tramps were

said to be staying. It was hoped to round up a number of beggars who were working in the West End yesterday. Robert Smith was found in a box car on the way and charged with being drunk. He was fined \$5 and costs. No tramps were found by the officers at the barn.

The members of the police department, accompanied by Mayor McCleery, and the members of the board of safety and the police reporters went to Bruno this afternoon for a half day's outing. A fine fish supper will be enjoyed before returning to the city.

MANY CAUSES—ONE CURE.

Avoid all the causes you possibly can—you can't avoid them all, so you need the new "Civilized Physic," Blackburn's Castor-Oil-Pills, to nourish the bowel-nerves, physic pleasantly—more so than any other preparation ever sold not excepting raw castor-oil—and tone and prify the system. Sweet, Little and No Taste of oil. The genuine package must have four red corners and bear the signature of Mr. Blackburn. At Drug Stores, but never sold in bulk.

MR. SITES' TRIP

The overcoat that Mr. T. H. Sites lost when he started on his over-the-continent trip was returned here today, the railroad authorities being unable to get explicit directions for forwarding it.

Mr. Sites writes under date of May 7th from Seattle: "This is the boss city. It lays both Los Angeles and Portland in the shade, and if I were a young man, here is where I would pitch my tent."

"I called on Samuel Moore and wife today. They are in the dry goods business. Mrs. Merriion, the late Wm. Bell's daughter, was at Paul Collins', and I called there yesterday. Mr. Collins is located at New Watcombe."

"It was a lovely ride over the Sound, 80 miles, to Victoria, B. C., Monday. I met Mr. and Mrs. Charles Stinson on the boat. This is twice that I have met them since going west."

Canal Official Resigns.

Washington, June 13.—Ernest S. Benson, general auditor of Isthmian canal affairs and of the Panama railroad and steamship line, has sent his resignation, to become effective within the next few weeks. The policy of the government to concentrate on the isthmus much of the work heretofore done in Washington necessitates the removal of the head of the accounting department to the Isthmus, and as Mr. Benson does not care to take up his permanent residence there he decided to retire from the service and re-enter the railroad service.

DEPLORABLE CASE IN JUVENILE COURT

One of the most deplorable cases that was ever called to the attention of the Juvenile court, was when three small boys, Claude Gould, Thomas Trovinger and Raymond Green, were brought before the court to answer to the charge of having broken into the place of Joseph Green, a saloon keeper of the West End, and stealing and carrying away a large quantity of tobacco, bottled beer and whiskey, and becoming intoxicated on the liquor. The testimony brought out showed that the Gould boy had never been in trouble before, and that he had never been before the Juvenile or other court.

The Court was inclined to be lenient with him and after giving him some fatherly advice put him on a suspended sentence to the Boys' Industrial school, with the admonition to be good and see to it that he never came before the court again.

Thomas Trovinger and Raymond Green and Grover Stevenson were all sentenced to the Boys' Industrial school, it appearing that they had all been in trouble before and were on suspended sentences, the two former for petit larceny and the latter for drunkenness.

In Common Pleas.

The case of A. A. Stasel vs. N. Q. Flemming has been decided by Judge Mansfield. The suit was brought to enjoin the defendant from interfering with the right of way claimed by Stasel from his farm in Hanover township, Coshocton road; also enjoining Flemming from using the right of way. The court decided upon all points in favor of Stasel, giving him a right of way 20 feet wide, with the privilege of fencing the same, and enjoining the defendant from using the same in any way. Flory & Flory, Stasel; Hunter.

Wm. Zipperer vs. Fred Speer; an action for an injunction to restrain defendant from the use of a strip of ground in the rear of plaintiffs premises. The court held that no title had been acquired by plaintiff to the strip of ground in dispute and directed that plaintiff's petition be dismissed. Bond for appeal fixed at \$50. The court directed a suspension of the order dissolving the preliminary injunction heretofore issued, to enable plaintiff to have the case filed in the Circuit court. Smythe & Smythe; Kibler & Montgomery.

Archie L. Inlow vs. James M. Lake, leave given defendant to plead. A suit for alienation of affections of plaintiff's wife, for which plaintiff

asks damages. Smythe & Smythe; Kibler & Montgomery.
Warren L. Powell vs. Chas. Bingmann, et al continued on account of absence of material witnesses for defendant. Russell & Sparks; Kibler & Montgomery.

In the case of Bessie Simpson against Benjamin Wright, a paternity case in which the defendant was found to be the father of plaintiff's child, the defendant has filed a motion in the Common Pleas court for a new trial. He claims that the court erred in permitting complainant to submit to the jury incompetent, improper and irrelevant testimony; that the court erred in refusing to permit him to give competent and proper evidence; that the verdict of the jury is not sustained by sufficient evidence and is against the clear weight of the evidence. Kibler & Montgomery, attorneys for the defendant.

Damage Suit Begun.

Wm. H. Vanatta has commenced suit in the Common Pleas court against John Penn and John H. Gearhart for \$7,063 damages. The plaintiff says that on April 26, 1904, defendants caused a warrant to be issued for his arrest and he was arrested on a charge of embezzlement and in sum of \$100 for his appearance in the sum of \$100 for his appearance before the justice. He says that on April 29 he was discharged from custody and fully acquitted of the charge by Justice Atcherley, when he was immediately rearrested on the same charge, taken before the same justice and again discharged from custody; that on the 29th of April, 1904, defendants again filed an affidavit before Justice Atcherley charging him with embezzlement; that he was bound over to the Common Pleas court in the sum of \$100, and at the September term of the Common Pleas court the charge was ignored by the grand jury. Plaintiff says he has been damaged in the sum of \$7,063, for which he asks judgment. Smythe & Smythe, attorneys.

ROOSEVELT NOW
AT OYSTER BAY

He Will Spend the Summer Months
at Sagamore Hill.

IS WELCOMED BY CITIZENS

Men, Women and Children Gathered
at the Little Station to Greet the
President, Who Makes a Short
Speech and Fondles the Tots—Will
Be Inaccessible to Callers.

Oyster Bay, N. Y., June 13.—This
village will be the capital of the nation
this summer. President Roosevelt
and family arrived here Wednesday
evening and are now at home
at Sagamore Hill. The run from
Washington was made without in-
cident. At Jersey City and Long Island
City crowds surrounded his car, shout-
ing greetings to the president, and
when the train drew in here the sta-
tion platform was thronged with
neighbors, who extended Oyster Bay's
usual demonstrative welcome. After
the president had embraced Archie
and Quentin, who sprang into his arms
in the car door, his next words were
to his neighbors, who crowded about to
him. "Well, I am glad to be here,"
was the exclamation which opened the
president's little chat with the vil-
lagers. He stepped at once to the
platform.
As usual the Oyster Bay reception
committee was headed by former
Sheriff Johnson and Editor Cheney.
But the youngsters of the town
seemed to have formed reception
plans of their own, and as they
pressed around in scores the president
gave them his immediate attention.
Grasping one diminutive hand after
another, the president said, with un-
mistakable pride, "There is certainly
no evidence of race suicide in Oyster
Bay." Then he reached over and
picked up a tot who was hugging a
little brown object, saying "and you've
a real bear." President and Mrs.
Roosevelt shook hands with everyone.
The president has come to Oyster
Bay to spend the three and a half
months of his vacation in quiet and
rest as near as may be. The president
will not be accessible to callers who
have not previously made appoint-
ments. It is expected that members
of the cabinet will present in person
such matters of business as may need
the president's attention, but, aside
from these, Secretary Loeb will ex-
ercise rigid censorship on the Sagamore
Hill calling list.

tion of being the only state in the

lature.

CLASS LOCATES TREE
PLANTED 15 YEARS AGO

Granville, O., June 13.—The Deni-
son class of 1892 numbered nineteen
young men. At the tenth reunion in
1902, a dozen members returned to
Granville but at the 15th annual
meeting yesterday afternoon, only
six were present. Letters and tele-
grams from others located in Califor-
nia, Utah, Minnesota, Wisconsin and
Pennsylvania were read with interest
at the meeting following a banquet
at the home of Mrs. Arabelle Light.
During commencement week in 1892
the boys planted a young maple tree
on the college campus. By reference
to a photograph taken at that time,
this tree was located yesterday a few
feet from one of the new buildings
and a marble marker stamped '92 was
placed by the tree.

The following permanent officers
were elected: President, Milo B. Price,
principal of Pillsbury Academy, Owa-
tonna, Minn.; secretary, Frank C.
Ewart, professor of Romance lan-
guages, Colgate university.

Those present at the reunion were:
Prof. A. M. Brumback of Granville,
Carter H. Barnett of Columbus, Dr.
F. O. Williams of Columbus, C. H.
Spencer of Newark, Attorney F. E.
Whittemore of Akron, Prof. F. C.
Ewart, Hamilton, N. Y. Eugene Cum-
mings of Cleveland, who was a
member of the class during part of
the college course, was also present.

NEWARK PERSONS
ATTEND WEDDING
AT ZANESVILLE

A large number of Newark people
went down to Zanesville Wednesday
night to attend the wedding of Miss
Julia Roedel, daughter of Mr. and
Mrs. Henry Roedel, and Mr. James
Ulrich Clarke, a son of one of the
old families of Lancaster, and who is
superintendent of the street railway
of that city. The ceremony took
place at the home of the bride's pa-
rents on Ashland avenue, Zanesville,
and was performed by the Rev. E. A.
Bueggeman.
The Times-Recorder, in giving an
account of the wedding, says the
spacious Roedel residence was beauti-
fully decorated with cut flowers,
palms and plants. The reception hall
was simply decorated with ferns and
white peonies. The balustrades were
concealed with ferns, interspersed
with white peonies, and the columns
of the arch to the parlor were beau-
tifully decorated with ferns and moun-
tain laurel. The altar was made of
mountain laurel behind which was a
bank of staty palms.

The bride was handsomely gowned
in white liberty satin a la princess,
trimmed in duchy lace. She carried
a shower bouquet of lilies of the val-
ley.
The bridesmaid, Miss Florence Roedel,
was becomingly gowned in white
over pink. She carried a shower
bouquet of sweet peas.
Two large tents had been pitched on
the spacious grounds surrounding the
Roedel residence and here small
tables were placed at which the guests
were served with refreshments. The
lawn was brilliantly lighted with mul-
titudes of electric lights.

More than 200 guests witnessed the
ceremony, and at its conclusion the
Roedel residence was converted into
the most delightful dancing hall, and
until the " wee sma' hours" merry feet
kept time to the beautiful strains of
music by the Veller Reception or-
chestra.

The bride and groom have the best
wishes of many Newark friends for a
long, prosperous and happy life.

DESERTER GIVES HIMSELF UP TO CHIEF OF POLICE SHERIDAN

While Chief Sheridan was standing on the street Wednesday evening at about 8:45, a man stepped up to him and asked him if he were the chief of police. Upon being informed that he was talking to the right party, the man said that he was a deserter from the U. S. Army, and that he deserted

from the post at Ft. Slocum, N. Y., and wanted to give himself up. The Chief took the man into custody and is now awaiting instructions from the United States authorities as to where to forward the deserter. The reward for capturing deserters is \$50, and this money for the chief is just like finding it.

DENISON'S COMMENCEMENT TOOK PLACE AT GRANVILLE

Class of Forty Three Young Men and Women of the Institution Received Their Well Earned Diplomas

New Trustees Elected—Announcements Made by President Hunt—President's Reception—Phi Gam Banquet—List of Graduates—Most Interesting Exercises Held.

Granville, O., June 13—The day of the cap and gown is the proudest day and the merriest day, the saddest, sweetest, briefest reign that June sunshine and shadow can know. We smile at the old new tale of "sweet girl graduate," but we smile with her too; for her authority is the surest and her memories the dearest that youth can give. When the Friday night of school life has come, and the stately emblem of senior dignity hidden away, its every somber fold is radiant with the dreams of yesterday and the hopes of tomorrow.

A college commencement spells more than any other phrase in our language. It is the commencement of lives which have realized that present sacrifice means broader, nobler, fuller manhood and womanhood, and have soberly and thoughtfully chosen the better part. The bit of sheepskin is the sum of deeper hopes than most work-a-day souls have ever known. Laugh, if you will, at the new born dignity, the awkward consciousness of unfledged power, the egotistic coloring of every dream and ambition; but laugh with the boy and the girl who have laughed their own way through difficulties and heartaches, and who are ready to laugh the world into being glad because they are graduated into its work.

The seventy-sixth annual commencement of Denison University was held in the Baptist church here this morning, and the 16 young women and 27 young men comprising the class of 1907, were presented with their diplomas. They have now passed the threshold of the college, and are entering the broad door of the great world.

The commencement marks the end of what is conceded to be the most successful year in the history of Denison University.

During the past year there has been remarkable interest manifested all over the country in old Denison. President Hunt has had the hearty co-operation of all the trustees of the university and of all interested in making the old college better, broader and more productive of results, and in his work he has been assisted by a most capable corps of instructors in raising the plane of education to a higher degree.

The commencement program was begun at 10 o'clock Wednesday morning, with the church literally packed with the trustees and faculty of the university, and the graduates, parents and friends. These annual commencements are the only occasions when the seating capacity of the church is too small. It shows the wholesome interest taken by the people all over the state in the good work of education in the celebrated Baptist educational institution. It is a great stimulus to the instructors as an evidence of their good work, as well as to future classes to make an effort to do their best.

The names of the young women and gentlemen comprising the graduating class of 1907 are as follows:

At the close of the program proper Dr. H. F. Colby, D. D., president of the Board of Trustees of Denison University, in a few well chosen words on behalf of the Board of Trustees presented the diplomas and bade farewell to the members of the class of 1907, so far as their school work was concerned.

The annual commencement dinner was held in Cleveland Hall Thursday afternoon and was attended by a large number of the friends of the college. The delicious dinner was prepared by Mrs. Tight and was pronounced one of the best commencement dinners had in years.

President's Reception.

One of the most important social events of commencement week is the president's reception to the trustees, alumni, students and friends of Denison, and it is always looked forward to with a great deal of pleasurable anticipation. The reception on Wednesday night was on a par with those held in former years, and the handsome home of the president on the hill was thronged with people during the entire evening. The house was beautifully decorated while the lawn was brilliantly illuminated with a myriad of electric lights. Dr. and Mrs. Hunt fully sustained their reputation as entertainers, and the president's reception of 1907 will go down in the history of Denison as one of the most successful ever held.

Phi Gam Banquet.

At noon on Wednesday the Phi Gamma Delta fraternity held its annual banquet in honor of its seniors who are Ellis P. Legler, Walter Beattie, Frank Robbins, Robert Walsh and Carlton Atwater. A delicious six course dinner was served, after which a number of toasts were responded to.

Big Ed Asher, the champion shut-out artist of the O. P. league added another scalp to his belt Wednesday afternoon by winning his fifth victory this season. It was also Newark's fifth straight victory, three from Mansfield and two from Marion.

Wednesday's game was good to look upon. It was a pitcher's battle pure and simple. Though the Tigers got seven hits off the Big Man, no two of them came in the same inning. Neither could they couple the hits with their passes or Newark's errors with any degree of success.

On the other hand, Newark worked the White Sox racket on the Tigers and won the game on four hits, though the visiting delegation almost doubled that number on Asher. Snappy fielding featured the game throughout and though Mansfield was credited with two errors, neither of the misplays figured in the run getting of the Molders.

Newark's lone run, which proved to be sufficient to win, came in the first frame and it was the first man up who scored the run. Doc Abbott opened the game for Newark with a clean drive to center. Snyder drew a pass and Wratten sacrificed each of the men stationed further around the circuit. Murray got a signal to bunt for a squeeze play and missed the first one. The signal was changed and Sandy swung on one. He drove the ball through Biery who was playing in for a bunt, and Abbott scored from third Murray's hit through Biery was fielded by Reynolds who was playing to cover first, and Biery had time to get back to the sack and catch Murray. Gygli ended the inning by hitting a high one to Spease.

That was all the scoring done during the entire game. Mansfield managed to single in the first, second, third and fourth and the seventh, eighth and ninth innings. A double in the fourth by Asher, Murray and Gygli put a crimp in the efforts of the Mansfield bunch to score.

In the eighth with one out, Spease got a life by being hit by Asher. Drake singled but Tibbitts and King dropped flies into right and center respectively, retiring the side.

In the ninth it looked like the Tigers would tie up the game for sure when Delehanly opened with a single. Reynolds tried to sacrifice his man but Asher threw Del out at second. Wratten making a great stop of Asher's rather bad peg. Big Ed caught Reynolds napping off first and threw to Gygli which forced Reynolds to try for second. The ball was handled by Wratten and Gygli who finally caught Reynolds. This took the ginger out of Riley and he ended the game by dumping one down to Murray. Score:

Newark fans do you realize just

what it means to have the Molders occupy second place in the league standing? It means that the Newark team looks second best or the entire eight in the circuit.

Last season at this time Newark occupied sixth place with a percentage of .450, having won 18 games and lost 22. Youngstown was the team's opponent and Newark lost 4 to 2.

At that game there were almost 480 people present. At yesterday's game there were scarcely 280, and it looks very much as though the Newark fans would rather see the team in the bottom of the heap than in second place.

At any rate there should be better attendance at the games at Wehrle park. The fans turned out better at the opening of the season than now and the weather is better. A change must take place for the better in this attendance matter or the local club will not be able to pay expenses.

A Mansfield writer says that it would not be surprising to see Newark in first place at the end of this long series of games at home. Such a thing would not be impossible and even if we do not take first place and stay there, we can not get very far down the list. In fact we should be in good shape to take a position we want to keep for the rest of the season.

Manager Berryhill, Bunny Pearce and Sandy Murray enjoyed the Elks outing at Beech Island today. The other players are enjoying the lay-off in various ways.

A year ago today the only players in the Newark lineup who are here now, were Wratten, Snyder, Winters, and Linko.

About this time last June, the report was circulated that Wratten was to be released to make way for Eddie Justice of the Connecticut state league who was just let out. It's a cinch that no such thing is contemplated this season.

Buke Servatius, the Lank outfielder, who did some tall hitting early in his career in this league, has been recalled by Columbus from Lancaster and played in the game at Columbus yesterday against the Kansas City Blues. His two base hit helped the Senators to win their game.

The entire Lancaster aggregation saw the game at Columbus Wednesday in which Buke Servatius played. They had an off day on account of wet grounds at Marion and stopped in Columbus on their way home.

The sport writers over the O. and P. circuit do not understand the present league race. They have been keeping their eyes on Youngstown and Akron, Lancaster, New Castle and other clubs and while they were doing out these teams Newark has slipped into second place. Fred Sypher of Youngstown says it's something new to see Newark in second place.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, sore throat and lung troubles, by F. D. Hall, druggist. 50c. and \$1.00. Trial bottle free.

Mr. Mohlenpah Sells Out.

Mr. Fred Mohlenpah has sold his ice business to Mr. Samuel Imhoff Jr., after having engaged in the business in Newark for the past thirty-three years, and will take a deserved rest. Mr. Mohlenpah came to Newark from Germany in 1869, and has never been back since he came to this country. It is his intention to visit his old home near Hanover, Germany. He will leave Newark for New York Sunday and will sail on the steamship "Crown Prince" for Germany on the 18th. He will return about September 1.

AMUSEMENTS

IDLEWILDE CASINO.

Tonight is the big night at Idlewilde Casino. The amateur contest takes place immediately after the regular vaudeville performance. For this contest beside the two substantial cash prizes offered by the management, Mr. Dan L. Jones is giving a beautiful watch, Messrs. G. A. Ball & Son are giving a pair of studs, L. K. Sturdevant donates a beautiful brooch, and the Casino house staff offers a beautiful bottle of perfume. For three consecutive Thursday evenings these contestants are to be held at the Casino. All amateurs are invited to participate and many have already entered.

Last night's performance was a repetition of the preceding evening. The audience screamed from cut-throat rise to curtain fall. The bill this week is a combination of clean comedy, and the hit it is making is evident from the increasing attendance each evening. A 10 cent Saturday matinee at 2:30.

Garrison and Williams, comedy team, chair balancers and hoop rollers, who made such a hit at Taylor Hall last Friday night, will go on in the amateur contest at Idlewilde park tonight. Their act is good.

EXTRA ATTRACTION AT ORPHIUM TONIGHT.

The management has secured for an extra attraction two of Newark's most clever professionals, Francis L. Garrity the dramatic artist under the name of Marlow, ably assisted by Miss Hager under the name of Miss Vernon. In a most pleasing sketch, "The Wrong Marjorie Wright."

This little skit is filled with both pathos and comedy from the pen of Mr. Garrity, who has accomplished much for being a pleasing playwright in the last year.

This extra attraction will create a demand for seats and consequently the reserved seats will be on sale all day at the box office.

All the friends of both are hoping for the success of the team in making good, as this will be their try out to enter upon the circuit of 50 weeks.

The regular bill consists of Elliott and West, the ragtime ragers, the Laundings in their auto novelty, Califf and Waldron in a German comedy sketch, Durant, the Chinese musician and illustrated song and moving pictures.

Don't miss coming early and seeing this excellent bill and the extra attractions.

"NUSEE."

The new electric theater on the East Side is giving perfect satisfaction to its patrons, and is showing the best set of pictures ever seen in Newark. The subject of both song and picture is changed daily, and consequently may be witnessed with interest six times a week. The perfect smoothness and lack of flickering at this amusement place is being remarked by the public.

Columbus, O., June 13. — Declaring that she was going to the lake in Franklin park and drown herself, Georgia Holderman, 19, left the home of her brother, Fred Holderman, and since that time has completely disappeared from the sight of her relatives. Miss Holderman has been ill for three or four days and this is the only reason that can be assigned for her despondency. The police were notified shortly after her disappearance, but so far she has not been located.

Commission Loses First Case.
Bellevue, O., June 13. — The state fish and game commission lost its first case here in its crusade against alleged violators, when after two disagreements, a jury acquitted W. S. Wambaugh of DeGraff, this county. Wambaugh was charged with being a party to systematic dynamiting of the lakes and streams in Logan county and selling fish thus killed. He denied the charges. The commission will prosecute other cases, it is said.

Knights of Pythias.

Zanesville, O., June 13.—Columbus gets the convention next year of the Ohio Grand lodge, Knights of Pythias. This was the decision of the Grand lodge convention at Zanesville. Next year's convention will be held during the second week of June. The Grand lodge elected the following officers: Grand trustee, J. F. Moore, Bellaire; Pythian home directors, W. T. Bruce, Mt. Gilead, J. C. Kreiger, Cincinnati, three years; Will H. Manner, Coshocton, one year.

Mrs. Butts a Witness.

Findlay, O., June 13.—The Standard Oil hearing developed nothing. Prosecutor David consumed most of the session in reading from documents dissolving the Standard Oil company. It was in the nature of a general address by former General Counsel Dodge. Mrs. Ida M. Butts of Marietta, O., was the only witness called. She was used only to identify certain stock certificates issued to the late George M. Rice.

Vice President at Banquet.

Delaware, O., June 13.—Vice President Fairbanks attended the banquet of the alumni of Ohio Wesleyan university and presided as toastmaster. The coming of the vice president was unexpected, and he reached the college campus before the news of his arrival was circulated. He received a hearty welcome. The vice president was a graduate of the class of '72.

Ghastly Find of Boys.

Wellington, O., June 13. — While scouring a dumping ground north of town, boys were attracted to a large coffee pot with a copper bottom, and opening it they found the dead body of a baby boy, about six months old, with skull crushed in. The spout of this coffee pot had been corked.

Disastrous Village Fire.

Girard, O., June 13.—Fire destroyed 10 business houses, two dwellings and an apartment house here. The loss is estimated at \$100,000, partially covered by insurance. Fire engines from Youngstown were sent here by special train and arrived in time to prevent the entire town from being wiped out.

Railroads Yield.

Columbus, O., June 13.—Official announcement was made to the state railroad commission by representatives of the railroads of the state that they would adopt the new car service rules of the commission as applicable to both inter and intra state freight, thus putting an end to any dispute.

Must Face Murder Charge.

Cleveland, O., June 13.—John Kiers, wanted by police for second degree murder, gave himself up to the police. In April, it is alleged, he killed Charles A. Breitwieser, a traveling salesman, by hitting him on the head with a billiard cue.

Mrs. Fairbanks' Mother.

Marysville, O., June 13.—Mrs. P. B. Cople, mother-in-law of Vice President Charles W. Fairbanks, celebrated her eighty-sixth birthday here. All of her children, excepting Mrs. Fairbanks, were present.

DAINGEROUS FIRE AT ICE PLANT

Wednesday evening at about 7 o'clock, fire was discovered by an ice-handler in the ice plant at the corner of St. Clair and Clinton streets, and two companies of the Central station and the North End company responded. The fire was a dangerous one, starting in some vacant rooms over the elevator shaft and in the cold storage department. It seemed to be in the sawdust insulation and crept slowly toward the south end, and being so located was hard to get at or see exactly what was going on.

It was gotten under control in a short while, when Chief Bausch desiring more water to completely finish the extinguishing of the blaze, attempted to couple the "Siamese" to the plug at the corner of Clinton and St. Clair, when the plug refused to shut off, rendering it completely useless, and reducing the pressure to quite an extent. They then had to use longer lines of hose from Stanberry street and farther down on Clinton, but the water delivered happily, was sufficient for the business in hand.

After the blaze was apparently subdued, the chief, realizing that it was a dangerous situation, stayed on the scene until it was sure that all was safe.

During the conflagration the ice machine never stopped running and the ice plant folks were so pleased at the way the fire laddies handled the fire that Manager Ferd. Crane made them a present of \$10, to be spent in refreshments.

The loss as stated by Manager Crane to the Advocate will be about \$500 on the building. No eggs or other produce was in the storage, but Fleck & Neal just finished storing a car load of prunes that evening; all were in with the exception of two tray loads, and the loss is likely to prove considerable on this item.

There was no insurance on the prunes, but the loss to the building is fully covered.

The condition of the broken hydrant was investigated later by the water works people and it was found that a set screw, holding a sleeve, had broken off. It was evidently faulty, when first put in, but had stood the strain for years and was one of the kind of accidents that can not be foreseen.

In all the ice plant people had good luck, for it was a dangerous fire, and if the loss had been much greater it would have cut out their season's business, which is just coming on.

STANDARD OIL CASE.

Findlay, June 13.—J. C. Donnell of Findlay, was the only witness heard in the Standard Oil trial this morning. Prosecutor David devoted the time to trying to show connection between the Standard and the Ohio Oil company, with which Donnell is connected.

Hamilton, June 13.—The cases of Miss Nellie Freeman, leader of the Christian Science church, and Alexander and Sarah Kennel, parents of Waldo Kennel, 15, who died without medical attention after two weeks' illness, will be taken to the grand jury. DECIDE YOURSELF.

The Opportunity is Here Backed by Newark Testimony.

Don't take our word for it. Don't depend on a stranger's statement.

Read Newark endorsement. Read the statements of Newark citizens.

And decide for yourself. Here is one case of it:

Charles W. Manville, carpenter, of 24 South Fourth street, Newark, O., says: "I have found Doan's Kidney Pills to be all that they are claimed to be. They cured me of a bad case of backache and inaction of the kidneys, brought on by the grip. I was laid up for some time. My kidneys seemed to be sluggish and the secretions were irregular. At the same time I suffered terribly with pain in the back over the kidneys. There was a constant, dull aching varied with sharp twinges of pain that would strike me at all hours of the day and night. I tried different remedies without effect and had nearly given up hope when I began using Doan's Kidney Pills, bought at Crayton's drug store. The result was a cure and a decidedly lasting cure. In 1896 I told of my case in a public statement and now that eight years have passed I can point to my own experience and say that Doan's Kidney Pills make permanent cures."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. 34

MEETING OF YOUNG PEOPLES SOCIETIES

The June meeting of the Young Peoples' societies of Newark will be held next Sunday at the Baptist church at 5:30.

Dr. H. R. Emory will be the leader of the meeting and has chosen for his subject "The Vast Harvest and Its Remedy, Temperance."

These meetings have been very helpful to the young people's societies and are deserving the good support from pastors and people of the churches.

We desire to specially invite voters and members of the W. C. T. U. to this meeting Sunday.

No Foreign Loan.
St. Petersburg, June 13.—The report from Paris that Russia contemplated a foreign loan, in which the United States would take part, was authoritatively denied here.
